

Numerical Computing F25
HW 4
Due Oct 30

6.1 (e)

6.4 (b)-(e)
in (b) you only need to calculate $u(1)$

6.13 (a), (c)

6.16 (a)-(c) (MATLAB problem)

6.29

MATLAB part of the assignment (what to turn in): the commands should be in a m-file; you should turn in a copy of the m-file as well as the printed output.
